> # RAS Problem Solving Competition - 2017
> ## Team Name - FindX
> June 30, 2017

Team Member 1:

Name: **Aritra Pal**
Email: aritra1@mail.usf.edu
Organization: **University of South Florida**
Position: **Doctoral Candidate**
Prior Experience in problems related to Railroad Analytics: **No**
Motivation: **I am interested in the application of data science and operations research in Logistics and Transportation.**

Team Member 2:

Name: **Venkata Satya Sai Krishna Chowdary Kolli**
Email: chowdary@mail.usf.edu
Organization: **University of South Florida**
Position: **Masters Student**
Prior Experience in problems related to Railroad Analytics: **No**
Motivation: **I am interested in numbers and curious to get insights from them. Moreover, this is my first data science exposure to railroad analytics which motivated me to test my skill set in this field.**

Team Member 3:

Name: **Naveen Karapakula Venkateswara**
Email: naveenk2@mail.usf.edu
Organization: **University of South Florida**
Position: **Masters Student**
Prior Experience in problems related to Railroad Analytics: **No**
Motivation: **The idea of transforming data to information and make decisions is an interesting task. The curiosity to know how and why, and predicting outcomes for better decision-making abilities are of my interests and motivates me to compete in this challenging task.**
